

Paul Padyk, MD, emergency medicine physician and CareFlight medical director

**Not all hospitals are trauma centers.
Not all trauma centers have St. Mary's
commitment to western Colorado.**

Quality care for seriously injured accident victims requires an experienced trauma staff, specialized facilities and equipment, and specialist physicians and surgeons on call around the clock.

St. Mary's Hospital and Regional Medical Center has all three. With

specialist.mary's

a new Emergency Department, St. Mary's has specially equipped trauma treatment rooms, space for family near their loved one, a rooftop helipad, and high-speed elevator to rush patients to surgery, intensive care, or emergency. The Colorado Department of Public Health and Environment has designated St. Mary's as a Level II Trauma Center. "We're the highest level trauma center on the West Slope," says Paul Padyk, MD, emergency medicine physician and CareFlight medical director.

"We're here for life."
